

3NF • Functional Dependency

- Codd's 3NF: *Every non-key (attribute), in every table, is Functionally Dependent on the Key, the whole Key, and nothing but the Key*
- Date, Fagin and Darwen do not understand that, they have undermined it for decades
- We add: ... *and with no other Key*
- And for the newborns, we add ... *Dependent in precisely the same way ...*
